OUR STORY

Founded by Irish native, Oliver "Ollie" Mulligan, Great Wagon Road Distilling Co is the oldest distillery in Charlotte, North Carolina and the first one to have it's own speakeasy attached. Although Ollie is the first in his family to make legal spirits, three generations ago in the midlands of Ireland, Ollie's grandfather Patrick Quinn began the family tradition of whiskey making, and in 2013, after a handshake and a few pints with a mate, Ollie Mulligan established Great Wagon Road Distilling Co. to carry on his family tradition of whiskey craftsmanship.

Our purpose at Great Wagon Road Distilling Co. Is to continue in this tradition of celebrating passionate independents everywhere. With each meticulous and artfully crafted spirit produced, we seek to provide a spirit worth celebrating the passion and perseverance of both the original Great Wagon Road pioneers and contemporary trailblazers alike.
